

# Jira Website

The screenshot shows a web browser window with the URL [atlassian.com](https://atlassian.com) in the address bar. The page header features the Atlassian logo and navigation links for 'Products', 'For teams', and 'Support'. A prominent banner at the top announces 'Jira Service Management' with a 'Try now' button. The main content area contains a large, bold text block about Atlassian's mission and products. At the bottom, there's a section about Jira Service Management with a blue lightning bolt icon and a 'Learn more' link. The browser taskbar at the bottom shows various open tabs and system icons.

G'day, we're Atlassian. We make tools like Jira and Trello that are used by thousands of teams worldwide. And we're serious about creating amazing products, practices, and open work for all teams.

Atlassian is excited to introduce Jira Service Management, the next generation of Jira Service Desk. Unlock your high-velocity IT teams today. [Learn more →](#)

# Atlassian Website

The screenshot shows the Atlassian website homepage. The header features the Atlassian logo and navigation links for Products, For teams, and Support. A "Try now" button is prominently displayed. The main content area is organized into several sections:

- PLAN, TRACK, & SUPPORT**: Includes icons and descriptions for Jira Software, Jira Align, Jira Core, Jira Service Management, Opsgenie, and Statuspage.
- COLLABORATE**: Includes icons and descriptions for Confluence, Trello, Bitbucket, and Sourcetree.
- SECURITY & IDENTITY**: Includes icons and descriptions for Atlassian Access and Crowd.
- CODE, BUILD, & SHIP**: Includes icons and descriptions for Bamboo.
- Marketplace**: Apps that enhance Atlassian products.
- Developers**: Docs and resources to build Atlassian apps.
- Trust & security**: Compliance, privacy, platform roadmap, and more.
- Work Life blog**: Stories on culture, tech, teams, and tips.

At the bottom, there is a promotional banner for Jira Service Management and a footer with the URL /www.atlassian.com/#, a toolbar, and system status indicators.

# Jira Software

The screenshot shows a web browser window with the Atlassian logo at the top. The main content area displays a promotional message about cloud products working together, followed by a section titled "Get another one for free". A list of benefits includes support for up to 10 users, 2 GB of storage, community support, and a no-credit-card-needed policy. Below this, there are two options to "SELECT A SECOND PRODUCT": Confluence (Document collaboration) and Jira Service Management (High-velocity ITSM). Each option has a "Select" button. At the bottom left is a "Larger team? Compare plans" link, and at the bottom right is a "Next" button. The browser's address bar shows the URL [atlassian.com/software/jira/free](https://atlassian.com/software/jira/free). The taskbar at the bottom of the screen shows various application icons.

YOU SELECTED

**Jira Software**  
Project and issue tracking

SELECT A SECOND PRODUCT

**Confluence**  
Document collaboration Select

Add context to your projects with a single source of truth for product requirements, release notes, and documentation.

**Jira Service Management**  
High-velocity ITSM Select

Empower Dev and Ops teams to collaborate at high-velocity, so they can respond to business changes and deliver service experiences fast.

Larger team?

### Choose a classic template

Classic templates have all the power and functionality you expect. They're created and managed centrally by a Jira admin using schemes.

Software Import your work

**Kanban**  
Monitor work in a continuous flow for agile teams. Suits teams who control work volume from a backlog.

What's in this? Select

**Scrum**  
Manage stories, tasks, and workflows for a scrum team. For teams that deliver work on a regular schedule.

What's in this? Select

**Bug tracking**  
Manage a list of development tasks and bugs. Great for teams who don't need a board.

What's in this? Select

Looking for easy setup and reimagined features? Try a next-gen template

10:22 AM 08-12-2020

The screenshot shows the Jira Software interface for the 'Java Full Stack' project. On the left, a sidebar lists project management options: Java Full Stack (Classic software project), JFS board (Board), Backlog, Active sprints (selected), Reports, Issues, Components, Code, Releases, Project pages, Add item, and Project settings. The main area displays the 'Active sprints' board for the 'JFS board' project. The board has three columns: TO DO, IN PROGRESS, and DONE. A message at the top states 'There are no active sprints' and provides a link to 'Start sprints in the Backlog'. To the right, a 'Jira Quickstart' modal window is open, providing a quick overview of project creation, issue creation, and team invites. The system tray at the bottom shows various icons and the date/time (10:22 AM, 08-12-2020).

Software Service Management Business

10:28 AM 08-12-2020

# Creating and Adding Projects

The screenshot shows a web browser window with the URL [apex-predator.atlassian.net/projects](https://apex-predator.atlassian.net/projects). The browser's address bar also lists other tabs like 'Untitled presentation - Google Slides' and 'Gmail'. The Jira interface has a top navigation bar with links for 'Jira Software', 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', 'Apps', and a 'Create' button. A search bar and user profile icons are also present. The main content area is titled 'Projects' and displays a table of existing projects:

Name	Key	Type	Lead	...
DataBase Project	DP	Classic software	Akshay V Anil	...
Java Full Stack	JFS	Classic software	Akshay V Anil	...

At the bottom of the screen, the Windows taskbar shows various pinned icons (File Explorer, Edge, File Manager, etc.) and the system tray displays the date and time (10:34 AM, 08-12-2020).

# Generating Reports

Screenshot of the Jira Software interface showing the 'All reports' section for the 'DataBase Project'.

The browser address bar shows: apex-predator.atlassian.net/projects/DP?selectedItem=com.atlassian.jira.jira-projects-plugin%3Areport-page

The Jira navigation bar includes: Jira Software, Your work, Projects (selected), Filters, Dashboards, People, Apps, Create, and a search bar.

The left sidebar menu shows:

- Reports
- All reports (selected)
- AGILE
  - DP board
  - Board
  - Burndown Chart
  - Burnup Chart
  - Sprint Report
  - Velocity Chart
  - Cumulative Flow Diagram
  - Version Report
  - Epic Report
  - Control Chart

The main content area displays the 'All reports' section for the 'DataBase Project' under the 'Agile' category.

**Burndown Chart**  
Track the total work remaining and project the likelihood of achieving the sprint goal. This helps your team manage its progress and respond accordingly.

**Burnup Chart**  
Track the total scope independently from the total work done. This helps your team manage its progress and better understand the effect of scope change.

**Sprint Report**  
Understand the work completed or pushed back to the backlog in each sprint. This helps you determine if your team is overcommitting or if there is excessive scope creep.

**Velocity Chart**  
Track the amount of work completed from sprint to sprint. This helps you determine your team's velocity and estimate the work your team can realistically achieve in future sprints.

The bottom of the screen shows the Windows taskbar with various pinned icons and the system tray indicating the date and time (10:44 AM, 08-12-2020).

# Editing Backlogs

The screenshot shows the Jira Software interface for a project titled "DataBase Project". The left sidebar includes links for "DataBase Project", "DP board", "Backlog", "Active sprints", "Reports", "Issues", "Components", "Code", "Releases", "Project pages", "Add item", and "Project settings". The main area displays a "Backlog" section with a message "Your backlog is empty." and a "Create issue" button. A "Sprint" section for "DP Sprint 1" shows 0 issues. A modal window titled "Edit sprint: DP Sprint 1" is open, containing fields for "Sprint name:" (set to "Mongo DB") and "Sprint goal:", along with "Update" and "Cancel" buttons. To the right, a "Jira Quickstart" sidebar provides information about issues, invites teammates, and explores integrations.

10:49 AM 08-12-2020

The screenshot shows a Jira Software interface for a project named 'DataBase Project'. On the left, there's a sidebar with various project management options like 'Active sprints', 'Reports', 'Issues', 'Components', 'Code', 'Releases', 'Project pages', 'Add item', and 'Project settings'. The main area displays a backlog with one item: 'Creating DB Instance'. This item has a 'Description' field where the placeholder 'Add a description...' is visible. To the right of the backlog, a large modal window titled 'Jira Quickstart' is open, providing introductory information about Jira features such as creating issues, assigning work, and integrating with other tools. The status bar at the bottom indicates the time as 10:49 AM on 08-12-2020.

# Raising Issues and Assigning

The screenshot shows the Jira Software interface for the ' DataBase Project - Issues ' board. The main view displays a single issue titled 'Creating DB Instance' with the key 'DP-1'. The issue is currently in the 'To Do' status. The assignee is listed as 'Akshay V Anil'. The reporter is also 'Akshay V Anil'. The issue has no comments, history, or work log entries. The priority is set to 'Highest'. The story points are 'None'. The original estimate is '0m'. The sidebar on the left shows various filter options like 'All issues', 'My open issues', and 'Reported by me'. The top navigation bar includes links for 'Create', 'Search', and other project management tools.

# Creating Issue Page

The screenshot shows the Jira Software interface. A 'Create issue' dialog box is open in the foreground, overlaid on a 'Backlog' board for the ' DataBase Project (DP)' project. The dialog box contains fields for 'Project' (selected: ' DataBase Project (DP)'), 'Issue Type' (selected: ' Story'), 'Summary' (empty), 'Components' (selected: 'None'), and an 'Attachment' section with a placeholder 'Drop files to attach, or browse.' The dialog box includes a 'Create another' checkbox, a 'Create' button, and a 'Cancel' button. In the background, the 'Backlog' board shows cards with titles like 'DP-1', 'DP-2', and 'DP-3'. To the right, a 'Jira Quickstart' sidebar provides introductory information about issues, tasks, stories, and integrates with the 'Create an issue' section of the dialog.

# Exporting Users

The screenshot shows a web browser window with the Jira Software interface. The title bar includes tabs for 'Untitled presentation - Google Slides', 'External System Import - Jira', and a new tab. The address bar shows the URL: [apex-predator.atlassian.net/secure/BulkCreateSetupPage!default.jspa?externalSystem=com.atlassian.jira.plugins.jim-plugin%3AbulkCreateCsv](https://apex-predator.atlassian.net/secure/BulkCreateSetupPage!default.jspa?externalSystem=com.atlassian.jira.plugins.jim-plugin%3AbulkCreateCsv). The Jira header features links for 'Gmail', 'Mail - Akshay Anil(...)', 'Typing practice', 'Online Courses - A...', 'Learn Aptitude For...', 'YouTube', 'Maps', '(5) L1 Ratio Propor...', and 'Other bookmarks'. The main navigation bar includes 'Jira Software', 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', 'Apps', and a 'Create' button. A search bar and user profile icons are also present.

The main content area is titled 'Bulk create: Setup'. It displays a progress bar with four steps: 'Setup' (selected), 'Settings', 'Map fields', and 'Map values'. Below the title, a section titled 'Setup' contains the following instructions:

To import issues in bulk, you need to provide the data in a CSV file format.

CSV Source File \*  
 No file chosen

The maximum file upload size is 1,024.00 MB.

Use an existing configuration file  
If you have used this importer before, you may have saved the configuration you used.  
You can use that configuration again to save time.

At the bottom, there are 'Next' and 'Back' buttons.

# Adding Columns

The screenshot shows the Jira Software interface with a backlog board titled "PROJ board - Agile Board - Jira". The left sidebar lists various project management options like Project, Backlog, Active sprints, and Reports. The main area displays a board with six columns: To Do, In Progress, In Review, Review Done, Test, and Done. Each column has a status summary at the top and a detailed view below. A tooltip for "Using Simplified Workflow" is visible, explaining how statuses can be added to columns for one statistic. Buttons for "Add status" and "Add column" are located in the top right of the board area.

Card layout

Quickstart

# Column Management and Adding Status

The screenshot shows the Jira Column Management interface. On the left, a sidebar lists project management options like General, Columns, and Active sprints. The main area is titled "Column management" and describes how columns can be added, removed, reordered, and renamed based on global statuses. It includes sections for "Column Constraint" (set to "Issue Count, excluding sub-tasks"), "Simplified Workflow" (using "Using Simplified Workflow"), and "Unmapped Statuses". Three columns are displayed: "To Do" (8 issues), "In Progress" (2 issues), and "Done" (1 issue). A "Quickstart" button is at the bottom right.

Roadmap BETA

Column management

Columns can be added, removed, reordered and renamed. Columns are based upon global statuses and can be moved between columns. Minimum and maximum constraints can be set for each mapped column.

Column Constraint

Issue Count, excluding sub-tasks

Constraints can be added to columns on the board for one statistic.

Simplified Workflow

Using Simplified Workflow

The workflow for project Project is currently managed by Jira Software. Project Administrators can add and remove statuses below. [?](#)

Add status Add column

To Do

No Min No Max

TO DO 8 issues  Set resolution

In Progress

No Min No Max

IN PROGRESS 2 issues  Set resolution

Done

No Min No Max

DONE 1 issue  Set resolution

Unmapped Statuses [?](#)
